Marie's Dream for 2024

Mr. Simon stayed in Japan when he was young. He learned how to make sushi at a famous sushi restaurant in Tokyo because his dream was to be a sushi chef. His dream came true and now he has a sushi restaurant in Paris.

Mr. Simon has a 16-year-old daughter. Her name is Marie. She became interested in Japan because her father always told her his old stories about Japan. So, Marie decided to visit Japan.

Marie joined a homestay program in Japan. One day, she went to a sushi restaurant with her host family. She was surprised to see that her host family used a screen tablet* to order their food. She didn't understand Japanese at that time, but the screen showed pictures of sushi. She enjoyed ordering from the tablet on their table. Sushi came on a conveyor belt*. Some sushi came on different trays. They looked like trains and cars. The sushi was very cheap, but delicious. She thought, "Mom and Dad should come to this restaurant!"

The Paris 2024 Olympic and Paralympic Games will be the biggest event in France. She wants some tablets in her father's restaurant. Then, people can order sushi easily. Her visit to the sushi restaurant in Japan gave her an idea to welcome people from all over the world.
